# RACING EQUIPMENT

SEASON 26/27

**HEAD**<sup>®</sup>

# THE HEAD DNA: DOMINANCE ON ALL LEVELS!

The HEAD Worldcup Rebels once again proved last season that the road to the top leads only through them. With three World Championship titles by Franjo von Allmen, Camille Rast, and Stephanie Venier, as well as a total of 20 World Cup victories, the world's best ski team celebrated a season full of highlights.

Lara Gut-Behrami made history once again by claiming her sixth Super-G crystal globe. Altogether, our athletes reached the podium 65 times – and with 7.900 points, they once again clearly secured the FIS Brand Ranking.

These outstanding achievements are no coincidence: they are the result of hard work, precise attention to detail, and the unique DNA of the HEAD Worldcup Rebels. This DNA also flows into our racing collection – with innovations driven directly by the input of our athletes.

This dominance gives us the confidence to enter the new World Cup season with full energy – convinced that the HEAD Worldcup Rebels will once again shape the history of skiing.

**We make the equipment - you make history!**

Yours,  
**Rainer Salzgeber**  
HEAD Racing Director

# WHAT'S **NEW** THIS SEASON?

## REDESIGNED BACKPACK XL

The newly redesigned Rebels Racing Backpack XL regains renown capacity to carry what athletes need for training or race day. Protecting gear is a priority thanks to the large goggle/ accessories pocket at the top, two wide side pockets for shin and arm guards. The separate boot compartment is accessed from the front and has pockets for small items. Oversize shoulder straps help distribute weight and provide a better carrying solution.

## KAJSA'S VISION OF WINTER

Together with Norwegian Worldcup Rebel Kaja Vickhoff Lie, we created a goggle design that reflects her strength and personal style. At her current hometown Innsbruck, where she trains for success, the design took shape: timeless winter tones merging with the iconic Speed Blue of the Worldcup Rebels – with the very first prototype already proven when Kaja raced to an impressive bronze medal in the Super-G at the World Championships in Saalbach.

Equipped with 5K lens technology, this colorway combines performance and character at the highest level– available on the NEVES PRO 5K RACE and CONTEX PRO 5K RACE models.

# ONLY ONE BRAND IN SKI RACING MOVES THIS FAST

Our mission is to take what wins on the slopes and put it into every single race ski we build. Worldcup Rebels equipment is not just current, it's the benchmark. HEAD's engineers integrate winning technology into everything they create, with the same precision and intensity that our elite Worldcup Rebels bring to the race course. For the 26/27 season, we've gone further – adding new products and redefining selected models to reach the next level of precision and performance. Think you can keep up?

## REFINED POWER TRANSMISSION FOR OUR YOUNG REBELS

HEAD makes winning technologies available to all. The WCR e-GS REBEL TEAM and the WCR e-SL REBEL TEAM now both have enhanced construction in the sidewalls, so greater pressure can be applied to the edge, for more precise handling and performance on the slopes.

We're committed to elevating performance for all Rebels – including the juniors.

## SAFEST JUST GOT BETTER

Developed for high performance skiing, the new PROTECTOR+ Freeflex now brings the trusted Full Heel Release technology also to the racing segment. With its vertical and horizontal release at the heel, the PROTECTOR+ Freeflex can reduce ACL strain by more than 50%\*. This can significantly reduce the risk of knee injury.

\*Finite element model simulations by University of Innsbruck: "Lateral Heel Release Reduces ACL strain in Simulated Backward Twisting Falls"

# TOGETHER, WE BRING ATHLETES TO THE PODIUM

To achieve podiums and victories, it takes far more than just a strong athlete. Behind every success stands an expert team working with absolute dedication. On the way to the start, no detail is left to chance: snow conditions, slope quality, temperature, and course setting are carefully checked and analyzed. Based on this, the right equipment is selected and fine-tuned down to the smallest detail – so that the athlete can place full trust in their gear.

Every race brings new challenges. No race is ever the same, conditions change constantly. Only when everyone in the team works together seamlessly – from service staff to developers to athletes – can the trust be built that is essential for victory.

Our technical expertise comes directly from the World Cup. The HEAD Worldcup Rebels share their experience, which flows into the development of every single race ski. This makes each product more powerful, more precise, and more reliable.

Our goal is clear: to be the most high-performing and trusted brand in the World Cup. Because to beat the best in the world, it takes more than talent – it takes an unbeatable team.

# THE MASTERS' RACE WEAPON

One model in four different sizes, same wider footprint, distinguished only by its radius. Therefore we can offer a tailor made setup for each individual needs and requests.

The skis offer the same construction and technology as the FIS certified models. The big difference is the wider footprint as it delivers a less aggressive setup but full performance. The smaller radius allows for easier and super manoeuvrable handling.

That would be the best characterization as the Masters rules don't follow the FIS rules.

## WCR E-GS REBEL PRO

# DOWNFORCE FEATURES

## RD CONSTRUCTION

The RD construction features carbon reinforcement in the front to endure slalom pole impacts, along with a strong transparent foil for added protection, similar to automotive materials.

## SPEED MODE

The Acoustiv Adapter plates are optimized for speed disciplines, improving the perception of surrounding sounds and the sense of balance.

## GATE MODE

The Chinguard Adapter plates are used for mounting a chinguard to the DOWNFORCE helmet for technical disciplines.

## SPOILER

The spoiler at the back of the helmet diffuses the air stream and therefore adds to the aerodynamics, as well as limits the generation of noise.

## STREAMLINED DESIGN

The outline of the DOWNFORCE is designed to limit air drag to the minimum.

## SUPER LIGHT WEIGHT

Using lightweight components and Dual Density technology, the DOWNFORCE is amongst the lightest racing helmets on the market.

## HIGHEST SAFETY LEVEL

The MIPS Brain Protection System is a helmet-integrated low-friction layer designed to reduce rotational motion transferred to the brain from angled impacts to the head.

## FIS CERTIFICATION

All DOWNFORCE models are complying to EN 1077, ASTM 2040 and FIS 2013 standards.

## ULTRAMATCH

Developed together with our athletes, the DOWNFORCE helmet line is designed to perfectly integrate HEAD's race specific goggles.

# JOIN THE REBELS-CLUB!

EXCLUSIVE BENEFITS FOR SKI RACING FANS, INCLUDING A UNIQUE RACING APP.

## COMMUNITY

Members of the HEAD Rebels Club can now enjoy very special benefits. Sign up at [head.com/rebelsclub](https://head.com/rebelsclub) to receive the latest news, get invited to exclusive events and receive special Rebels shop offers. The HEAD Rebels Club app - unique in ski racing - is also brand new.

## NEWS

Keeping you up to speed on all the latest information about the HEAD Worldcup Rebels, behind the scenes stories and the full range of HEAD racing products.

## ISKI-TROPHY

This app tracks your ski days throughout the season. You can win trophies that give you access to competitions. A ranking list and comparison board with other members motivates you to get the most out of your skiing.

## FITNESS

The perfect workout for every skier - with the best preparation for the season from summer fitness sessions to special on-snow training for the winter. These workouts have been created with the active Worldcup Rebels, so ski coaches will find them useful too!

## REBELS SHOP

Club members can purchase exclusive products from the Rebels Shop. You also have the opportunity to buy selected products before they officially go on general sale.

## BECOME A DIGITAL REBEL!

The new HEAD Rebels Club app can be downloaded from the Google Play Store and the App Store.

DOWNLOAD THE APP NOW:
